Introduction

The Visa Rules

The Visa Core Rules and Visa Product and Service Rules

Introduction to the Visa Core Rules and Visa Product and Service Rules

Visa has established rules that are designed to minimize risks and provide a common, convenient, secure, and reliable global payment experience while supporting geography-specific rules that allow for variations and unique marketplace needs. They are set and modified by Visa to support the use and advancement of Visa products and services, and represent a binding contract between Visa and each Member.

The Visa Core Rules contain fundamental rules that apply to all Visa system participants and specify the minimum requirements applicable to all Members to uphold the safety, security, soundness, integrity, and interoperability of the Visa system.

The Visa Product and Service Rules contain rules that apply to Visa system participants based on use of a product, service, the Visa-Owned Marks, VisaNet, the dispute resolution process, and other aspects of the Visa payment system. The Visa Product and Service Rules also include operational requirements related to the Visa Core Rules.

The Visa Supplemental Requirements are Visa- or third-party-administered documents or websites that contain requirements beyond the content of the *Visa Core Rules and Visa Product and Service Rules* (for example: *Visa Product Brand Standards*, *BASE II Clearing Services*, *Payment Card Industry (PCI) Card Production and Provisioning – Logical Security Requirements*).

Writing Conventions

The following conventions apply to the *Visa Core Rules and Visa Product and Service Rules*:

- “Visa” refers to any Visa Region, office, management, or committee.
- If the singular is used, it means the plural, and the plural means the singular. For example: “A Merchant must ...” means that “All Merchants must...”
- Responsibility is assigned to a Member. For example: “A Merchant must...” means “An Acquirer must ensure that its Merchant...”

Introduction
Visa Core Rules and Visa Product and Service Rules

- Capitalized words have a meaning defined in the Glossary, except for the names of some Visa products or services, which are capitalized but not defined.
- Defined terms are often combined.

1.1.1 Governance

1.1.1.1 Applicability of Rules

All participants in the Visa system are subject to and bound by the Visa Charter Documents and the Visa Rules, as applicable based on the nature of their participation and geography. In the event of any conflicts between the Visa Charter Documents and the Visa Rules, or within the Visa Rules, conflicts will be resolved in the following order of precedence:

- Visa Charter Documents
- *Visa Core Rules*
- *Visa Payment System Operating Regulations – Russia* (if applicable)
- Published domestic rules within the Europe Region (if applicable)
- *Visa International Travelers Cheque Operating Regulations* (if applicable)
- *V PAY Operating Regulations* (if applicable)
- Visa Product and Service Rules
- Visa Supplemental Requirements

Any use of or participation in any Visa services or products not covered in the Visa Rules will be governed by applicable participation agreements and associated documentation.

Previously, rules were contained in the *Visa International Operating Regulations*, *Visa Europe Operating Regulations*, other operating regulations or rules, extension documents, and certificates of incorporation and bylaws of various Visa entities.

The Visa Rules represent modifications and amendments to such existing Visa rules and requirements, which continue in substance and effect except as expressly modified in the Visa Rules. By reorganizing and renaming this body of requirements, Visa does not intend to modify the meaning or enforceability of any Visa published documents, forms, or contracts to which Visa is a party, or any contracts that are required by Visa to include provisions to comply with Visa's certificate of incorporation or bylaws, operating regulations, or other Visa requirements. Regardless of whether this document or other documents refer to these requirements as the *Visa International Operating Regulations* or by other prior naming conventions, such references are deemed to refer to and incorporate the Visa Rules.

Each Member is also responsible for ensuring that any of its affiliates, subsidiaries, parent companies, third-party agents, Merchants, and any other of its appointed agents participating in Visa's system comply with all applicable laws, regulations, and other legal requirements applicable to each country in which its affiliates, subsidiaries, parent companies, third-party agents, Merchants, and other appointed agents operate. Each Member is encouraged to consult with its own legal counsel to ensure that it is in full compliance with all applicable laws, regulations, and other legal requirements in each country in which the Member operates.

The Visa Rules govern the relationship between Visa and its Members and their agents. The Visa Rules do not constitute a contract, promise, or representation or confer any rights, privileges, or claims of any kind as to any third parties.

1.9 Interchange

1.9.1 Interchange Reimbursement Fee (IRF) Determination and Payment

1.9.1.2 What is Interchange? – AP, Canada, CEMEA, LAC, US Regions

In the AP Region, Canada Region, CEMEA Region, LAC Region, US Region: Interchange Reimbursement Fees (IRF) help to make electronic payments possible by enabling Visa to expand Card holding and use, increasing the places consumers can use their Cards, and providing a financial incentive for all parties to pursue system-wide improvements, such as rewards, innovation, and security. An Interchange Reimbursement Fee is a default transfer price between Acquirers and Issuers within the Visa system. Merchants pay what is known as a merchant discount fee or merchant service fee negotiated with their Acquirer, which may take into account the interchange fee, processing costs, fees for terminal rental, customer services, and other financial services. The merchant discount fee or merchant service fee is negotiated individually with the Merchant's Acquirer; each Acquirer sets its fees independently, in competition with other Acquirers, competing payment systems, and other forms of payment.

Interchange is consistently monitored and adjusted – sometimes increased and sometimes decreased – in order to ensure that the economics present a competitive value proposition for all parties. Interchange Reimbursement Fees must encourage Card holding and use, as well as expansion in the number and types of businesses that accept Cards. If rates are too high, retailers won't accept Cards; if rates are too low, Issuers won't issue Cards. Visa may establish different Interchange Reimbursement Fees in order to promote a variety of system objectives, such as enhancing the value proposition for Visa products, providing incentives to grow merchant acceptance and usage, and reinforcing strong system security and Transaction authorization practices.

- Adjustments will only be made when the total Interchange Reimbursement Fee amount to be corrected is greater than USD 2,500.

5.6 Surcharges, Convenience Fees, and Service Fees

5.6.1 Surcharges – Allowances, Requirements, Restrictions, Amounts, and Disclosures

5.6.1.1 Surcharges – AP Region (Australia)

In the AP Region (Australia): If a Merchant adds a Surcharge to a Transaction, the Surcharge amount must comply with all of the following:

- Be limited to the “reasonable costs of acceptance” of a Visa Card (or Visa Cards) as that concept is defined by the Reserve Bank of Australia and by applicable laws or regulations
- Not include the cost of accepting any non-Visa payment card
- Be clearly disclosed to the Cardholder before the completion of the Transaction. The Cardholder must be given the opportunity to cancel without penalty after the Surcharge is disclosed.
- Be charged only by the Merchant that provides the goods or services to the Cardholder. The Merchant must not permit a third party to charge a Cardholder a separate or additional amount in respect of the cost of acceptance of the Visa Card, but the Merchant may include third-party costs relevant to accepting a Visa Card as part of its Surcharge.
- Not differ according to Issuer
- Be different for Visa credit Card Transactions and Visa debit Card Transactions if the “reasonable cost of acceptance” varies between the 2 Transactions
- Be assessed only on the final total amount charged for the goods or services, after any discount or rebate from the Merchant has been applied
- Be added to the Transaction amount and not collected separately¹

¹ A government Merchant may collect the Surcharge amount separately and may use a third party to deposit Transactions if it is assigned one of the following MCCs:

- 9211 (Court Costs, Including Alimony and Child Support)
- 9222 (Fines)
- 9223 (Bail and Bond Payments)
- 9311 (Tax Payments)
- 9399 (Government Services [Not Elsewhere Classified])
- 9405 (Intra-Government Purchases)

5.6.1.2 Surcharge Disclosure Requirements – AP Region (Australia)

In the AP Region (Australia): A Merchant that assesses a Surcharge must do all of the following:

- Inform the Cardholder that a Surcharge is assessed
- Inform the Cardholder of the Surcharge amount or rate
- Not describe the Surcharge as, or inform the Cardholder that the Surcharge is, assessed by Visa or a financial institution
- Include notices, signs, or decals disclosing that the Merchant assesses a Surcharge. Such notices, signs, or decals must be in a conspicuous location or locations at the Merchant’s physical point of sale, or, in the absence of a physical point of sale, prominently during an Electronic Commerce Transaction or communicated clearly in a telephone order so as it can be reasonably assured that all Cardholders presenting a Visa Card will be aware of the Surcharge.
- Clearly display or communicate the Surcharge disclosure in the Transaction environment or process, including (if there is a physical point of sale) at the terminal/cashier’s desk. The disclosure must be of as high a contrast as any other signs or decals displayed.

A Merchant must clearly and prominently disclose any Surcharge that will be assessed.

The disclosure at the point of sale must include both:

- The exact amount or percentage of the Surcharge
- A statement that the Surcharge is being assessed by the Merchant

For an Electronic Commerce Transaction, a Mail/Phone Order Transaction, and an Unattended Transaction, the Cardholder must be provided the opportunity to cancel the Transaction subsequent to the Surcharge disclosure.

For example, the requirement for clear and prominent disclosure will be satisfied if the disclosure is made consistent with *Table 5-5, Surcharge Disclosure – AP Region (Australia)*.

5.6.1.3 Notification of Intent to Assess Surcharges – US Region and US Territories

In the US Region or a US Territory: An Acquirer must both:

- Ensure that its Merchant notifies Visa and its Acquirer in writing at least 30 calendar days before assessing a US Credit Card Surcharge. Notice to Visa can be provided as specified on the “Merchant Surcharge Notification” link at www.visa.com.
- Inform Visa upon request of all notifications of intent to surcharge received from its Merchants.

5.6.1.4 Similar Treatment of Visa Transactions – US Region and US Territories

A Merchant must not assess a US Credit Card Surcharge on Visa Credit Card Transactions in a specific payment channel if either:

- The Merchant is prohibited or effectively prohibited by a Competitive Credit Card Brand from assessing surcharges on the Competitive Credit Card Brand's products in that payment channel.
- The Merchant's ability to surcharge a Competitive Credit Card Brand in that payment channel is limited by that Competitive Credit Card Brand in any manner¹ and the Merchant assesses a US Credit Card Surcharge on conditions that are not the same as the conditions on which the Merchant would be allowed to surcharge transactions of the Competitive Credit Card Brand in that payment channel, or on which the Merchant actually surcharges transactions of the Competitive Credit Card Brand in that payment channel, after accounting for any discounts or rebates offered at the Point-of-Transaction.

This prohibition does not apply and a Merchant may assess a US Credit Card Surcharge on Visa Credit Card Transactions if one of the following:

- The Competitive Credit Card Cost of Acceptance or the Competitive Credit Card Product Cost of Acceptance to the Merchant is less than the Visa Credit Card Cost of Acceptance or Visa Credit Card Product Cost of Acceptance to the Merchant and the Competitive Credit Card Brand does not prohibit or effectively prohibit surcharging credit card transactions.
- The Competitive Credit Card Brand prohibits or effectively prohibits surcharging on credit cards and the Merchant actually surcharges the Competitive Credit Card Brand's transactions in an amount at least equal to the lesser of either:
 - The Competitive Credit Card Cost of Acceptance
 - The amount of the US Credit Card Surcharge imposed on a Visa Credit Card
- There is an agreement between the Merchant and the Competitive Credit Card Brand in which the Merchant waives or in any other way restrains or limits its ability to surcharge transactions on that Competitive Credit Card Brand, provided that:
 - The agreement is for a fixed duration, is not subject to an "evergreen clause" (i.e., automatically renewed unless terminated by the parties to the agreement) and is not a standard agreement generally offered by the Competitive Credit Card Brand to multiple merchants.
 - The Merchant's acceptance of the Competitive Credit Card Brand as payment for goods or services is unrelated to and not conditional upon the Merchant's entry into such agreement.
 - The agreement is supported by the exchange of material value.
 - The agreement expressly specifies a price under which the Merchant may accept the Competitive Credit Card Brand's products and surcharge those transactions up to the Merchant's Merchant Discount Rate for the Competitive Credit Card Brand, after accounting for any discounts or rebates offered by the Merchant at the Point-of-Transaction.

¹ This provision does not apply if the Competitive Credit Card Brand prohibits only surcharging for an amount greater than the Competitive Credit Card Cost of Acceptance.

5.6.1.5 US Credit Card Surcharge Requirements – US Region and US Territories

In the US Region or a US Territory: A Merchant may assess a fixed or variable US Credit Card Surcharge on a Visa Credit Card Transaction, subject to applicable laws or regulations.

The Merchant may assess a US Credit Card Surcharge by either:

- Applying the same fixed or variable US Credit Card Surcharge to all Visa Credit Card Transactions (brand level)
- Applying the same fixed or variable US Credit Card Surcharge to all Visa Transactions of the same credit product type (product level)

The US Credit Card Surcharge at the brand level must be the same for all Visa Credit Card Transactions, regardless of the Card's Issuer or the product type, and after accounting for any discounts or rebates offered by the Merchant on Visa Credit Card Transactions at the Point-of-Transaction.

The US Credit Card Surcharge at the product level must be the same for Transactions on a particular Visa Credit Card product type, regardless of the Card's Issuer, and after accounting for any discounts or rebates offered by the Merchant on Visa Credit Card Transactions on the product type at the Point-of-Transaction.

A Merchant must not assess a US Credit Card Surcharge on Visa Credit Card Transactions at both the brand and product level.

The US Credit Card Surcharge must be included in the Transaction amount.

In the US Region or a US Territory: A US Credit Card Surcharge assessed at the product level, as specified in *Section 5.6.1.5, US Credit Card Surcharge Requirements – US Region and US Territories*, must not exceed the Merchant's Visa Credit Card Surcharge Cap less the Debit Card Cost of Acceptance.

5.6.1.7 US Credit Card Surcharge Disclosure Requirements – US Region and US Territories

In the US Region or a US Territory: A Merchant must, at both the point of entry into the Merchant Outlet and the Point-of-Transaction, clearly and prominently disclose any US Credit Card Surcharge that will be assessed.

The disclosure at the Point-of-Transaction must include all of the following:

- The exact amount or percentage of the US Credit Card Surcharge
- A statement that the US Credit Card Surcharge is being assessed by the Merchant and is only applicable to credit Transactions
- A statement that the US Credit Card Surcharge amount is not greater than the applicable Merchant Discount Rate for Visa Credit Card Transactions at the Merchant

Merchants with Acceptance Devices that offer Cardholder choice for debit Transactions in the form of “credit” and “debit” buttons must ensure that:

- Visa debit Card Transactions are not assessed a US Credit Card Surcharge
- It is made clear to the Cardholder that surcharges are not permitted on debit Transactions regardless whether a Cardholder selects the “credit” or “debit” button

For an Electronic Commerce Transaction, a Mail/Phone Order Transaction, and an Unattended Transaction, the Cardholder must be provided the opportunity to cancel the Transaction subsequent to the US Credit Card Surcharge disclosure.

For example, the requirement for clear and prominent disclosure will be satisfied if the disclosure is made consistent with *Table 5-6, Surcharge Disclosure – US Region and US Territories*:

10.1.4 Use of BIN Blocks

In the Europe Region: Visa may, as it sees fit at any time and without warning, require a Visa Scheme Processor to block the function of all or any part of its system in relation to any BIN assigned to a Member (a "blocked BIN") so that, during the period of the block, one or more of the following:

- No Authorization may be given using the blocked BIN.
- No Clearing Record may be created in respect of the blocked BIN.
- No Settlement may be effected of amounts owed to the blocked BIN.

(any such outcome being a "BIN block") subject only to such exceptions as Visa may see fit to make from time to time.

Visa will exercise its discretions under this paragraph with a view to all of the following (each being "BIN blocking objective"):

- Ensuring the stability of the Visa system
- Protecting Visa and its Members from incurring Liability (including, without limitation, in respect of Settlement Loss)
- Avoiding or mitigating any act or omission that Visa considers might be illegal, inconsistent with applicable regulatory standards, or materially damaging to the Visa brand

Visa may declare any BIN block to be temporary, indefinite, or permanent. If no such declaration is made, a BIN block will be treated as indefinite. Visa will take such steps as it considers appropriate to terminate the membership of any entity whose assigned BIN is subject to a permanent BIN block. A temporary or indefinite BIN block will end either:

- If Visa both:
 - Determines that continuing the BIN block is of no further help to achieving the BIN blocking objectives
 - Does not intend to terminate the membership of any entity to whom the blocked BIN is assigned
- In the case of a temporary BIN block only, if earlier, at the time and subject to such conditions that Visa may specify

Visa may at any time and without warning cancel a BIN block and/or change the status and scope of application of any BIN block. Visa may at any time and without warning extend or modify the conditions of any temporary BIN block.

Visa's right to effect a BIN block is in addition, and without prejudice, to any other rights or remedies of Visa under the Member Agreements and the Visa Rules.

The exclusions and limitations of Visa's liability specified in the Visa Rules will apply to any Claims or Liabilities arising out of or in connection with a BIN block.

10.4.1.5 Merchant Deposit Monitoring – Europe Region

In the Europe Region: An Acquirer that has been identified by the Fraud Monitoring Programs specified in *Section 10.4.9.2, Cross-Border Fraud Monitoring Programs – Europe Region*, must implement daily monitoring and produce exception reports in order to reduce their losses. Failure to implement effective monitoring may result in a non-compliance assessment of EUR 25,000 for each month in which actions remain outstanding.

Exception reports must be generated according to the parameters specified in *Table 10-1, Merchant Deposit Monitoring Parameters – Europe Region* where the respective defined thresholds have been exceeded.

In addition to daily monitoring, an Acquirer must employ adequate risk management resources to control and monitor its Merchants, and undertake specific investigative actions to combat any fraudulent activity.

A Merchant’s normal daily trading and activity pattern must be adjusted on a daily basis, using the most recent activity and replacing the oldest data. Merchant trading averages must be calculated using a 90-day rolling average.

10.4.3 Dispute Monitoring

10.4.3.1 Visa Chargeback Monitoring Program (VCMP)

Visa monitors Merchant Outlets that generate an excessive level of Disputes through the Visa Chargeback Monitoring Program (VCMP).

Visa will identify a Merchant Outlet under the VCMP standard program if it meets or exceeds both of the following monthly standard program thresholds:

- 100 Dispute count
- 1% ratio of Disputes-to-sales Transaction count

Visa will monitor a Merchant Outlet identified in the VCMP under the high-risk program for any of the following reasons:

- The Merchant exceeds the standard program thresholds and is categorized or should be categorized by a high-brand risk MCC, as specified in *Section 10.4.6.1, High-Brand Risk MCCs*.
- For Merchants that are not and should not be categorized by a high-brand risk MCC, the Merchant meets or exceeds the VCMP monthly excessive Dispute threshold of both:
 - 1,000 Dispute count
 - 2% of Disputes-to-sales Transaction count
- Visa determines that the Merchant caused undue harm to the goodwill of the Visa payment system.
- The Merchant's Acquirer is subject to risk reduction measures, as specified in *Section 1.10.1.2, Member Risk Reduction Requirements*, for poor Merchant management practices.

Visa may modify or create new monthly VCMP performance levels.

Monitoring includes all Dispute conditions except Dispute Condition 10.5: Visa Fraud Monitoring Program.

Except for certain markets,¹ only International Transactions are included in VCMP monitoring.

A Merchant that is moved from the VCMP standard program to the VCMP high-risk program because it exceeded the excessive Dispute threshold will continue to be monitored under the VCMP high-risk program until the Merchant exits the VCMP.

A Merchant that is monitored in the VCMP high-risk program because it exceeded the excessive Dispute threshold will not be moved to the VCMP standard program, regardless of whether its performance drops below the monthly excessive Dispute threshold.

A Merchant that changes Acquirers and/or countries while identified in the VCMP will be assigned the equivalent program status with the new Acquirer and/or country if the Merchant has not exited the program.

Visa may require the Acquirer or its Merchant to deploy appropriate Dispute or fraud remediation tools or technologies to address unusual activity in the individual cases identified through the VCMP.

A Merchant Outlet will exit the VCMP if it is below the program thresholds for 3 consecutive months.

For VCMP compliance purposes, Visa will include only the first 10 Disputes per calendar month, for each Account Number at each Merchant Outlet.

¹ Program monitoring includes Domestic Transactions and International Transactions for all of the following: AP Region (Australia), Canada Region, Europe Region (Germany, United Kingdom), LAC Region (Brazil), and US Region. Visa may modify this list of markets.
